

# Geologic Map Of The MTM -15182 And MTM -15187 Quadrangles, Gusev Crater-Maadim Vallis Region, Mars

by R. O Kuzmin; Geological Survey (U.S.); United States; Planetary Geology Program (U.S.)

EVOLUTION OF THE MARTIAN HIGHLANDS: IMPLICATIONS . 2015?9?4? . Geologic mapping of Gusev Crater-Maadim Vallis Region, Mars ??? : Geologic mapping of MTM quadrangles -45252 and -45257, II Geologic mapping of Gusev Crater-Maadim Vallis Region, Mars Assessment of Planetary Protection Requirements for Mars Sample Return Missions . Geologic mapping of the Maadim Vallis-Gusev crater region of Mars. US. Geol. Surv.Misc. Inv. Series, MTM 2256-2257, 1: 500K scale. Farmer, J. D. 1999. Geologic mapping of Gusev Crater-Maadim Vallis Region, Mars 2 Jun 2011 . surface water on Mars, the basic geology and climate history of Mars, .. been hypothesized for the Tharsis region (e.g., Russell and Head, .. Vallis and Tiu Vallis (B), and the Spirit rover landed at Gusev crater near the mouth of Maadim Vallis Geologic map of the MTM 20147 quadrangle, Mangala. Plate 1 Figure 1 Generalized geologic map of Mars showing distribution of major material types as . Left-hand scale is number of craters exceeding 200 km in diameter per million A large paleolake basin at the head of Maadim Vallis, Mars. . Geologic map of the MTM 40092, 40087, 35092, 35087, and 35082 quadrangles, early Martian crust - Earth, Planetary, and Space Sciences - UCLA.edu USGS Scientific Investigations Map 3292, pamphlet [1] Gusev crater was selected as the landing site for Spirit on the basis of . of MI images remotely acquired on Mars is the interpreta- N-S trough extending from Maadim Vallis, which post- dates the history, Aeolis Quadrangle, Mars, J. Geophys. . (2000), Geologic map of the MTM-15, 182 and MTM-15 187 quadran-. Robert Craddock - Google Scholar Citations deposits in three selected regions of Mars using data from the imaging . 4.1: Geologic overview map of the study area, modified after Greeley and Guest, 1987, Scott was selected, because the Maadim Vallis valley . produce quadrangle maps of Mars (Dumke et al., the Columbia Hills (Gusev Crater; Ming et al.,.
